

Trasformazione di un file in html in codice per dispositivi mobili

giacomo fiorucci

<http://phonegap.com/>

The screenshot shows the PhoneGap website homepage in a web browser. The browser's address bar displays `phonegap.com`. The website's navigation bar includes links for [PhoneGap](#), [About](#), [Developer](#), [Community](#), [Apps](#), and [Support](#), along with a [Download](#) button. The main content area features the headline "Easily create apps using the web technologies you know and love: **HTML, CSS, and JavaScript**". Below this, a subtext states: "PhoneGap is a free and open source framework that allows you to create mobile apps using standardized web APIs for the platforms you care about." Two buttons are present: "Download PhoneGap" and "Getting Started Guides". To the right, a video player with a blue background and a play button is labeled "Watch Intro". At the bottom, a process diagram illustrates the workflow: "Wrap your app with PhoneGap" (indicated by an arrow from web technology icons to a box icon) followed by "Deploy to mobile platforms!" (indicated by an arrow from the box icon to mobile device icons). The browser's taskbar at the bottom shows various application icons and the system clock indicating 09:19 on 07/05/2013.

Options

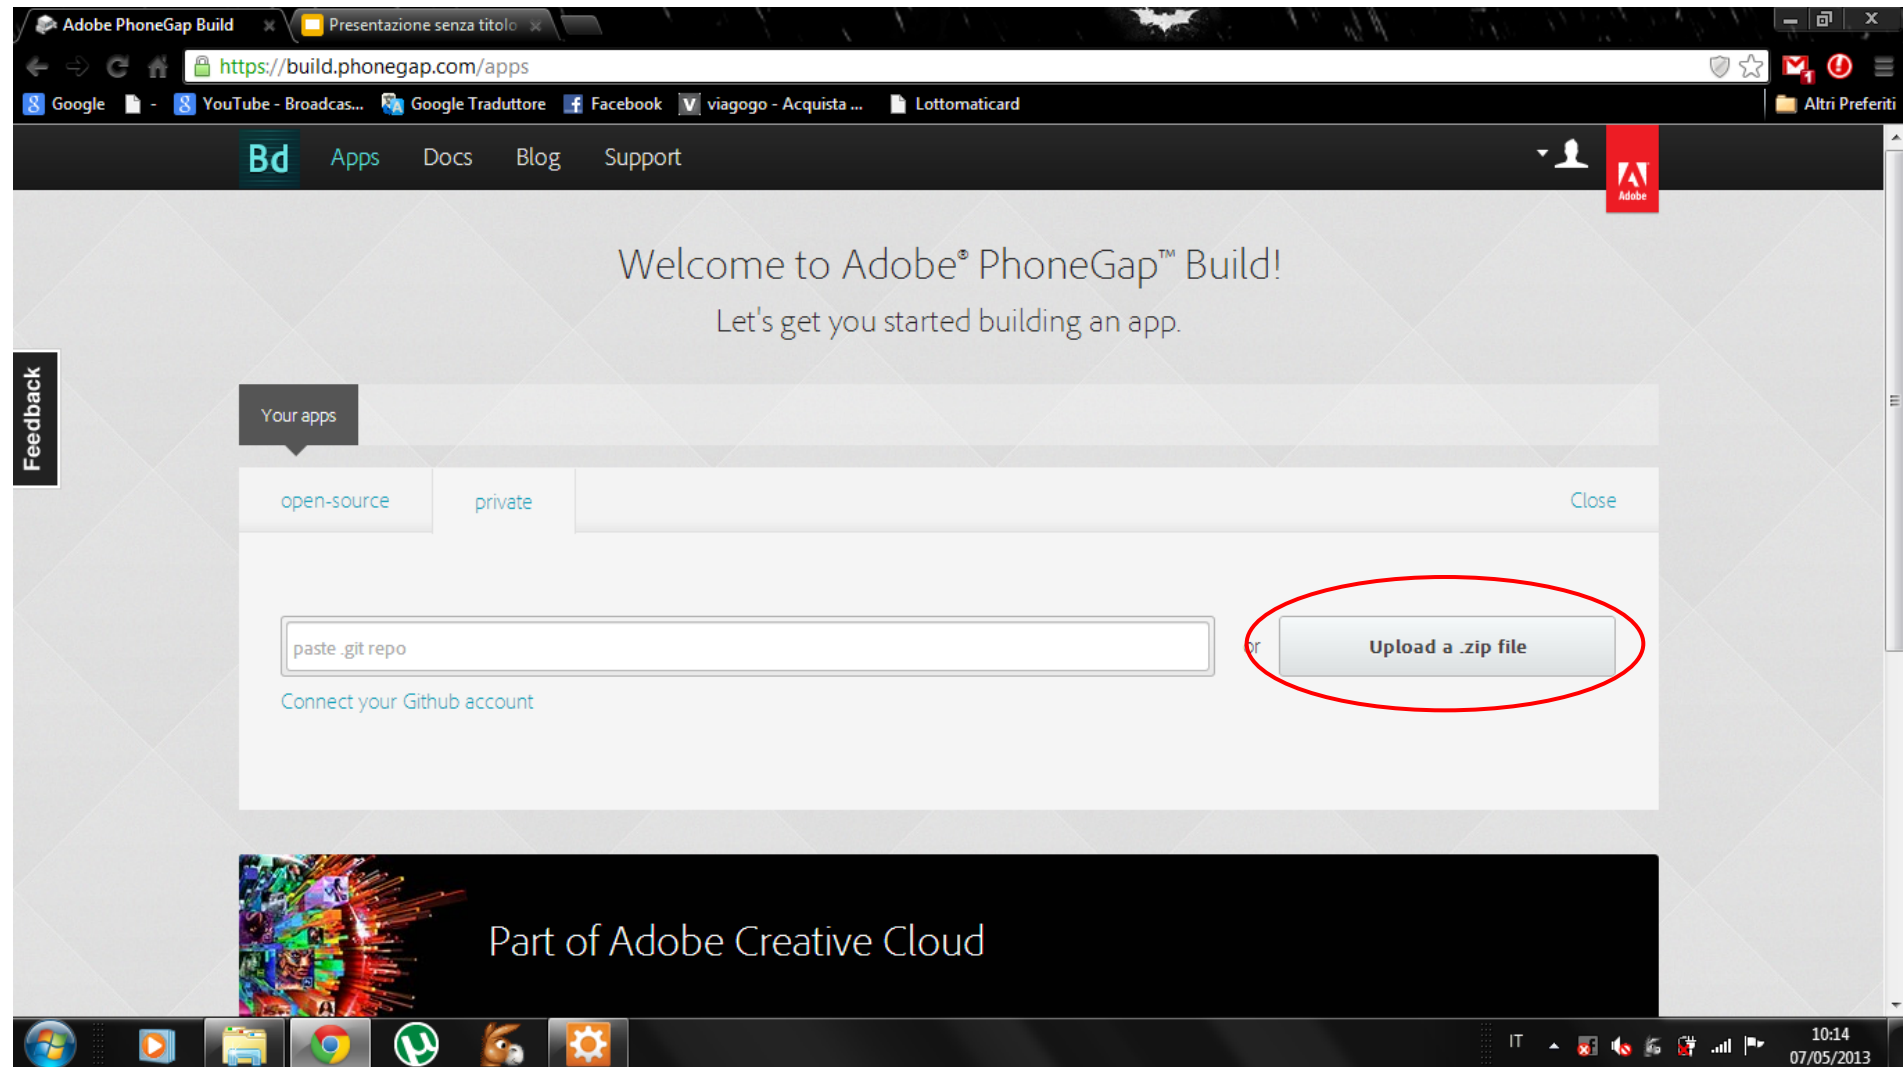

☐ Show Source ☐ Show Outline ☒ List Messages Sequentially ☐ Group Error Messages by Type

☐ Validate error pages ☐ Verbose Output ☐ Clean up Markup with HTML-Tidy

IT 02:31 08/05/2013

_Un passaggio molto importante ma non fondamentale e la verifica del codice html

_ritorniamo in phonegap e clicchiamo nel tasto "Upload a .zip file"
_cerchiamo il nostro file zip e clicchiamo "ok"

- _Successivamente apparirà questa schermata
- _Premere in "Ready to build" per continuare la costruzione del nostro progetto
- _Inoltre è possibile aggiungere dei commenti o notizie relative al progetto, nella parte destra della schermata

The screenshot shows the Adobe PhoneGap Build web interface. The browser address bar displays <https://build.phonegap.com/apps>. The page header includes navigation links: Bd, Apps, Docs, Blog, Support, and the Adobe logo. The main content area is titled 'Your apps' and features a '+ new app' button. A card for the 'PG Build App' is displayed, showing its icon, name, and a description field. To the right of the card, a table lists app details:

App ID	Version	PhoneGap
393304	n_8	2.5.0

Additional information includes 'Owned by fgiacomo92@gmail.com', 'Last built 5 minutes', and 'Source zip package'. A tip on the right suggests including config.xml. At the bottom of the card, there are checkboxes for 'enable debugging' and 'enable hydration', a 'delete' button, and a 'Ready to build' button. A red arrow points to the 'Ready to build' button. Below the card, a banner for 'Part of Adobe Creative Cloud' is visible, with a 'Get started' button. The Windows taskbar at the bottom shows the time as 10:23 on 07/05/2013.

_arrivati a questo punto, va scelto il tipo di linguaggio in cui si vuole tradurre
(ios,android,windows,blackberry,hp,symbian)
